

Partnership Award

The Massachusetts Organization of Nurse Executives established the *Partnership Award* in 2005 to recognize those individuals or organizations who have worked closely with MONE and demonstrated commitment, courage and collaboration that resulted in achievement of goals that would not have been realized without establishment of a true partnership. Recipients of this award are selected by the MONE Board of Directors. This award is a discretionary award (may not be presented every year).

- 2005 Massachusetts Hospital Association
- 2006 Dr. Judith Gill, Chancellor, Board of Higher Education
- 2007 Sally Millar, Director, Patient Care Services Information Systems,
Massachusetts General Hospital
